Health Care Products

Our Mission

Connetquot West, Inc. and our diverse community profits by transforming ordinary interactions into extraordinary relationships which result in the creation of opportunities for everyone to have their need for quality healthcare products and services fulfilled.

Continuity of Service

Connetquot West, Inc. is a Full-Line medical supplier of Medical & Surgical Products, and equipment. We offer dedicated inventory, Inventory Management solutions, Effective Exam & Procedure Room Design, and accommodating delivery service.

Our Culture & Values

- Maintain integrity by doing what we say we will do.
- Act with long-term & ethical views.
- Value diversity, openness & respect.
- Dedication to providing extraordinary services through teamwork.
- Determination in fulfilling our customer's needs with top quality products.
- Give back and support our community.
- Contribute to advances in the health care products industry.
- Develop significant and sustainable growth through performance and results.

Unique Benefits

- Minority and Women Owned Business Enterprise.
- Family Owned and Professionally Managed.
- ACHC Accreditation.

Cincinnati Surgical - Sutures, Scalpels

Mycosurgical - Carbon & Stainless Steel Blades, Handles

Cooper Surgical - Specula

Bovie - High and Low Temp Cautery, Nerve Locators

Encore Plastics - Safety Razors

Personna - Safety Razor, Surgical Blades

Fotona Lasers - Electrosurgery

Stryker - Instruments, Orthopedic Medical Technology

Order, Maintain & Track
Your Medical Supplies faster & easier

MedProcure -
Supplies
Management
Solutions for
Long Term Care

MedProcure systems make ordering, maintaining, and tracking medical supplies faster and easier. **suppliesMGR™:LTC**, our solution for long term care facilities, allows you to efficiently charge supplies and services to residents, automate purchasing processes, and effortlessly communicate with multiple systems and vendors.

Flexible Tracking and Charging with "peel and stick" barcode labels or scanning barcode labels with a handheld device as it is consumed by a patient.

Customizable Export Files for practically any accounting package format.

Effortless Inventory Control and Ordering with automated purchase orders, defined frequently purchased items, and editable for approval.

Trouble-free Setup with comprehensive online training. MedProcure installs your system from loading inventory and resident lists, communications, and creates accounting export files.

To find out more, call us at
1-866-588-3888

Efficiently charge supplies
and services to residents.

Automate purchasing processes.

Effortlessly communicate
with multiple systems.

Are You Covered?

WARRANTY EXTENSIONS

Med-Equip Assurance Plans

Minimize equipment downtime and cap repair costs with our "Extended Warranties"

- Choose the coverage term length that best fits your needs for your new equipment: 2,3,4 or 5 years.
- Extend the manufacturer's coverage up to five years on new equipment.
- Get protection against unexpected mechanical and electrical failures, as well as normal wear and tear.
- Med-Equip 'wraps around' the manufacturer warranty period, providing reimbursement for gaps in coverage such as labor, tax, travel and freight in getting your equipment repaired.
- If you are leasing equipment, coverage is available and can be embedded into lease payments.
- Med-Equip is backed by a third-party insurance guaranteeing that coverage will always be in place.

QUICKROUNDS™

Wound Site Management

Real Time information to Wound Healing All in One Application

- ✓ Patient Wound History
- ✓ Superior Documentation
- ✓ Guided Dressing Orders
- ✓ Product ordering

Save money \$\$\$\$ - Cut your dressing costs by as much as 70%. Drastically reduce your documentation time - 1/2 the time required.

QuickRounds™ advisor software guides medical team in choosing the approved dressing types and allowable quantities for stages and surgical wounds.

No undocumented information on wound sites. Built in quality assurance. Charting and record keeping consistency from unit to unit.

Access treatments and wounds more effectively while reviewing on screen historical data. Addresses all aspects of wound healing including nutrition, pressure relief and protection products.

Mobile laptop hardware allows documentation at bedside or can be access at nursing station desktop. Prints all charting materials in seconds. Patient dressing orders automatically sent out for delivery - no faxing or phone calling necessary.

Dressing dictionary with pictorial at your finger tips. Your Dressing Formulary is incorporated to meet your standards.

Secure/HIPAA compliant /Login and password protected. Audio/Visual internet inservice educator with training manuals.
